3. The opinion of 3-5-13 I know referred to said has been based on the misapprehension that the Telephones was under the Control of the Genl Admn. It has been that it is entirely under the Control of the P.W.D. deptt and technically therefore all charges have become of that deptt. But if matters do I do not understand where the question of any debit at all comes. The only thing to be done is rather queer. But it may be possible to debit the Municipal Water Works Sales Dept under contingencies and credit to P.W.D. Rev. If the Municipal's contention is technically correct this may be accepted.
